

2010 Conference

Weathering the Storm

Please join the [Silicon Valley](#) and [San Francisco](#) ISSA and the [Bay Area InfraGard](#) for our annual Cornerstones of Trust 2010 security conference in Foster City, CA on June 29, 2010. The theme of this year's conference is **"Weathering the Storm"**

If you are in the San Francisco Bay and Silicon Valley area security community, [Cornerstones of Trust 2010](#) is the place to meet top security experts from the business and technology communities and learn about real world solutions. Come and find out how other companies are effectively and successfully weathering the security storm in 2010.

Featuring Two Keynote Speakers:

Mark Weatherford, Executive Officer and CISO of California Office of Information Security and Privacy Protection

Brandon Dunlap, Managing Director of Research, Brightfly
